Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Southwest Initiative Foundation (the Foundation), which comprise the consolidated statements of financial position as of June 30, 2019 and 2018, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Southwest Initiative Foundation as of June 30, 2019 and 2018, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, the Foundation has adopted Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The adoption of this standard did not have a significant impact on the Foundation's reported historical revenue. Our opinion is not modified with respect to that matter.

As described in Note 1, the Organization adopted Accounting Standards (ASU) 2018-08, *Accounting Guidance for Contributions Received and Made*. The accounting change has not been retrospectively applied to prior periods presented but applied prospectively. Our opinion is not modified with respect to that matter.

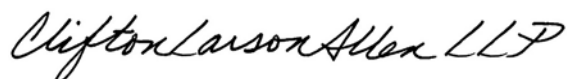

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 25, 2019, on our consideration of Southwest Initiative Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Southwest Initiative Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwest Initiative Foundation's internal control over financial reporting and compliance.

**SOUTHWEST INITIATIVE FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Foundation

Southwest Initiative Foundation (the Foundation) is a nonprofit community foundation connecting people, investing in ideas, and building communities to create a southwest Minnesota where all people thrive. Working across 18 counties and two Native Nations, the Foundation has distributed more than \$82 million through its grant making and business finance programs. This and other impactful work is supported by individuals, families, businesses, and organizations who want to keep this rural region going strong for the next generation.

Basis of Presentation

The accompanying consolidated financial statements include the accounts and operations of AWSM, LLC and SWIF Real Estate Holdings LLC. All significant transactions between the Foundation and these entities have been eliminated.

Net assets and revenues, gains, and losses are classified based on donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Resources over which the board of directors has discretionary control. Designated amounts represent those revenues which the board has set aside for a particular purpose.

Net Assets With Donor Restrictions – Those resources subject to donor-imposed restrictions which will be satisfied by actions of the Foundation or passage of time. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The Foundation uses the income earned, including capital appreciation on related investments, for the purpose restricted by the donor.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Foundation considers highly liquid investments with an original maturity date of three months or less to be cash equivalents. Restricted cash, money market funds, and certificates of deposit included in investments are not intended to be available for current use and are not considered cash and cash equivalents for financial reporting purposes.

SOUTHWEST INITIATIVE FOUNDATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2019 AND 2018

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

Money market funds held for investment purposes are considered cash and cash equivalents within investments, and are carried at deposit value. Donated real estate held for investments consist primarily of farmland and is recorded at fair value at the time of the donation. Equity and debt securities are reported at fair value based on quoted market prices in the consolidated statements of financial position. Realized and unrealized gains and losses are recognized in the period in which they occur and are included in the Change in Net Assets in the accompanying consolidated statements of activities.

Obligations of Split-Interest Agreements

The Foundation has entered into an irrevocable charitable unitrust agreement with a certain donor. Under this contract, the annuitant transfers assets to the Foundation, and the Foundation makes periodic, fixed payments to the annuitants for life. The value of the assets transferred to the Foundation along with the age of the annuitant determines the amount of the periodic payments to the annuitant.

Split interest obligations are recorded using the present value of the estimated future obligations based on mortality rates derived from ordinary life annuity tables and amounts that may be payable to third-party beneficiaries including other nonprofits.

Life Estate Liability

The Foundation holds land that is retained in donor's life estates. These are recorded at fair market value at the time of the donation. The liability is adjusted annually based on the value of the land and the life expectancy of the donor.

Investment Trust Liability

The Foundation is the beneficiary of investments held within a trust agreement with a certain donor. Under this agreement, the trust assets transfer to the Foundation upon the death of the donor. The value of the assets were recorded at the fair market value at the time of the donation. The donor receives the income and appreciation on the investments on an annual basis. The liability is adjusted annually based on the present value discount rate and the life expectancy of the donor.

Loans

The Foundation makes loans through two programs; the Business Finance Program and the Microenterprise Loan Program. Loans are stated at the amount of unpaid principal, reduced by an allowance for loan losses. Loans that management has the intent and ability to hold for the foreseeable future or until maturity or pay-off generally are reported at their outstanding unpaid principal balances adjusted for charge-offs and the allowance for loan losses. The Foundation has determined accounting for nonrefundable fees and costs associated with originating or acquiring loans, does not have a material effect on its consolidated financial statements. As such, these fees and costs have been recognized during the period they are collected and incurred, respectively. Interest income is accrued on the unpaid principal balance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Loans (Continued)

The accrual of interest on loans is discontinued when a significant lapse in payment is identified, typically at the time the loan is 90 days past due unless staff believes the credit is well secured and is reasonably sure that all or part of the loan will be paid during the process of collection. Loans are typically charged off at 120 days past due, but are reviewed and charged off on individual circumstances. Past due status is based on contractual terms of the loan. Loans are generally placed on nonaccrual or charged-off at an earlier date if collection of principal or interest is considered doubtful.

All interest accrued but not collected for loans that are placed on nonaccrual is reversed against interest income if the loan is charged off. The interest on these loans is accounted for on the cash-basis or cost-recovery method, until qualifying for return to accrual. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current and future payments are reasonably assured.

Allowance for Loan Losses

The allowance for loan losses (allowance) is an estimate of loan losses inherent in the Foundation's loan portfolio. The allowance is established through a provision for loan losses which is charged to expense. Additions to the allowance are expected to maintain the adequacy of the total allowance after loan losses and loan growth. Loan losses are charged off against the allowance when the Foundation determines the loan balance proves to be uncollectible. Cash received on previously charged off amounts is recorded as a recovery to charged off loans.

The allowance calculation consists of five levels for the Business Finance Program and four levels for the Microenterprise Loan Program and individual loan reserves are adjusted periodically for economic factors based on the risks present for each loan. These economic factors include consideration of the following: changes in the lending policies and underwriting practices, national and local economic conditions, changes in portfolio volume, changes in staff experience, changes in past due and nonaccrual loans, changes in credit quality, change in payment history, changes in loan review and oversight, impact and effects of concentrations, and impact of competition. These factors are inherently subjective and are driven by the repayment risk associated with each loan.

Based on current information and events, a loan is considered impaired when it is probable that the Foundation will be unable to collect the scheduled payments of principal or interest when due according to the contractual terms of the loan agreement. When a loan is impaired, the Foundation measures impairment based on an observable market price or the fair value of the collateral if collateral dependent. A loan is collateral dependent if the repayment is expected to be provided solely by the underlying collateral. When a loan does become uncollectible, it will be charged directly to the allowance in the current year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allowance for Loan Losses (Continued)

The risk ratings can be grouped into the following categories for Business Finance and Microenterprise loans, respectively:

Business Finance Program:

Risk Classification (Reserve Level 6% of Principal Balance)

The loan is current. There are no violations of loan covenants. The borrower's financial condition is exceptional or strong. There are no liens against the company.

Risk Classification (Reserve Level 8% of Principal Balance)

The loan is current. The borrower's financial condition is adequate and all items of the Risk Classification apply.

Risk Classification (Reserve Level 10% of Principal Balance)

The loan is current. Either the borrower's financial condition is marginal or the financial condition is adequate or strong and there are liens against the company; or the borrower has violated a loan covenant. Staff will meet to discuss the status of the loan and additional servicing attention needed.

Risk Classification (Reserve Level 25% of Principal Balance)

The loan is current, but payments are spotty. Financial condition of the company is substandard. There are violations of loan covenants.

Risk Classification (Reserve Level 100% of Principal Balance)

The loan is 30 days or more past due. The financial condition is Liquidate. There are violations of loan covenants. The Foundation has a secured interest in the company.

Microenterprise Loan Program:

Risk Classification (Reserve Levels 5% and 10% of Principal Balance)

The loan is current. Borrower's financial condition is adequate for the business. There are no violations of the loan covenants. Technical Assistance is accepted by client and working well. Two columns are represented due to the USDA RMAP micro-lending program requiring a 5% loan loss reserve for these conditions, where SBA micro-lending program requires a 15% loan loss reserve.

Risk Classification (Reserve Level 25% of Principal Balance)

The loan is current, but payments may have been missed in the past. Borrower's financial condition is weakened. Borrower's personal or business capacity/capability has deteriorated. There are minor violations of loan covenants. Technical Assistance is accepted, but client does not always follow through. Foundation's collateral position is still adequate.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Allowance for Loan Losses (Continued)

Microenterprise Loan Program (Continued):

Risk Classification (Reserve Levels 75% and 100% of Principal Balance)

Loan is 30 days or more past due, with little chance of becoming current. Borrower's financial condition is seriously deteriorated; cannot currently meet financial obligations to lenders or vendors. Borrower's personal or business capacity is inadequate to handle the needs of the business. There are violations of loan covenants. Technical Assistance directives are not adequately being followed through. Foundation's collateral position is weak.

Recognizing that economic trends in the industry as well as specific indicators are closely correlated to the credit quality of the loans, the Foundation factors this in and maintains a separate general valuation allowance for various portfolio segments. These portfolio segments are described as follows:

Agriculture: The Agriculture portfolio consists of 9 loans split between Business Finance (5) and Microenterprise (4) lending scheduled to be amortized over various lengths of time.

Childcare Providers: The Childcare Providers segment consists of 2 loans in Microenterprise (2) lending scheduled to be amortized over various lengths of time.

Construction: The Construction segment consists of 2 loans split between Business Finance (1) and Microenterprise (1) lending scheduled to be amortized over various lengths of time.

Consulting: The Consulting segment consists of 3 loans split between Business Finance (2) and Microenterprise (1) lending scheduled to be amortized over various lengths of time.

Healthcare: The Healthcare portfolio consists of 5 loans split between Business Finance (3) and Microenterprise (2) lending scheduled to be amortized over various lengths of time.

Hospitality: The Hospitality portfolio consists of 4 loans split between Business Finance (2) and Microenterprise (2) lending scheduled to be amortized over various lengths of time.

Manufacturing: The Manufacturing portfolio consists of 25 loans split between Business Finance (13) and Microenterprise (12) lending scheduled to be amortized over various lengths of time.

Media: The Media segment consists of -0- loans at this time.

Nonprofit: The Nonprofit segment consists of 1 loan in Business Finance (1) lending scheduled to be amortized over various lengths of time.

Real Estate: The Real Estate portfolio consists of 7 loans split between Business Finance (2) and Microenterprise (5) lending scheduled to be amortized over various lengths of time.

Retail: The Retail portfolio consists of 57 loans split between Business Finance (20) and Microenterprise (37) lending scheduled to be amortized over various lengths of time.

Service: The Service portfolio consists of 37 loans split between Business Finance (18) and Microenterprise (19) lending scheduled to be amortized over various lengths of time.

Technology: The Technology segment consists of -0- loans at this time.

Utilities: The Utilities portfolio consists of 2 loans in Business Finance (2) lending scheduled to be amortized over various lengths of time.

Although management believes the allowance to be adequate, losses may vary from its estimates.

Pledges Receivable

Pledges to give are recorded at their net realizable value. Conditional pledges are not included as support until such time as the conditions are substantially met. At June 30, 2019 and 2018, the Foundation has not recorded a reserve for uncollectible pledges.

Contributions

The Foundation records contributions in accordance with applicable accounting standards, which require unconditional promises to give (pledges) be recorded as receivables and revenues and requires the organization to distinguish between contributions received for each net asset category in accordance with donor-imposed restrictions. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Revenue Recognition

Revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by the Foundation. Revenue for performance obligations satisfied over time is recognized based on actual charges incurred in relation to total expected (or actual) charges. The Foundation believes that this method provides a faithful depiction of the transfer of services over the term of the performance obligation based on the inputs needed to satisfy the obligation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Grants revenue is recognized in the period the grant was awarded, provided it is unconditional, and is recorded as with or without donor restrictions, depending on the grantor's intent. Grant amounts awarded, but not received, are reported as grants receivable. All grants receivable are due within one year. Grant revenue for which donor restrictions are met in the year the revenue is received, is considered without donor restrictions.

Conditional promises to give amount to \$300,000 and \$27,750 as of June 30, 2019 and 2018, respectively. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Conditions are met when the qualifying expenses based on specific criteria are incurred. Unconditional promises to give due in subsequent years are recorded at their net realizable value.

Investment earnings on contributions and grants are recorded in with or without donor restrictive net assets when earned.

Property and Equipment

Property and equipment are stated at cost. Donated property is stated at fair value at the time of the donation. Major renewals and improvements are charged to the property and equipment accounts, while replacements, maintenance, and repairs, which do not improve or extend the lives of the assets, are expensed currently. Depreciation of physical plant and equipment has been recorded using the straight-line method over estimated useful lives ranging from 3 to 40 years. It is the Foundation's policy to capitalize property and equipment that has a unit cost equal to or greater than \$1,000.

Annuities Payable

Annuities payable consists of two gift annuity agreements, which provide for payments to the grantors for life. Assets received under these agreements are recorded at fair value. A liability related to future payments under these agreements has been recorded at the present value at June 30, 2019 and 2018, using discount rates of 4.4% in both years. Contribution income is recognized for the difference between the initial contributed asset and related liability.

The liability related to split-interest agreements is recalculated annually, with the amortization of discounts and adjustments for changes to life expectancies recognized as actuarial liability adjustments on the consolidated statements of activities. Annuities Payable is combined with Grants and Other Payables on the consolidated statements of financial position.

Assets Held on Donor's Behalf

Assets held on donor's behalf at June 30, 2019 and 2018 consist of 23 funds, for both the years then ended, in which the beneficiaries were designated by the donor at the time the funds were established. Therefore, the Foundation is obligated to specific beneficiaries with regard to the distribution of these funds.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expense

Salaries and related expenses are allocated based on the best estimates of management. Expenses, other than salaries and related expenses, which are not directly identifiable by program or supporting service, are allocated based on the best estimates of management and follow a pre-established allocation plan based on job descriptions of each employee.

Fair Value Measurements

The Foundation categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement. Assets and liabilities valued at fair value are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that utilize quoted prices (unadjusted) in active markets for identical assets or liabilities that the Foundation has the ability to access.

Level 2 – Inputs that include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. Fair values for these instruments are estimated using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows.

Level 3 – Inputs that are unobservable inputs for the asset or liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

Subsequent to initial recognition, the Foundation may remeasure the carrying value of assets and liabilities measured on a nonrecurring basis to fair value. Adjustments to fair value usually result when certain assets are impaired. Such assets are written down from their carrying amounts to their fair value.

Professional standards allow entities the irrevocable option to elect to measure certain financial instruments and other items at fair value for the initial and subsequent measurement on an instrument-by-instrument basis.

The Foundation has not elected to measure any existing financial instruments at fair value. However, it may elect to measure newly acquired financial instruments at fair value in the future.

Program Grants

Program grants are recorded as expense when approved. Cancellations of grants occur when the grantees do not meet the grant terms or when grant program needs are less than the appropriated amount.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Exempt Status

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and similar state income tax laws. The Foundation is a nonprivate foundation and contributions to the organization qualify as a charitable tax deduction by the contributor. AWSM, LLC and SWIF Real Estate Holdings LLC are 100% owned LLC's and as such are considered disregarded entities for tax purposes. It is the policy of the Foundation, in accordance with GAAP, to assess any uncertain tax provisions and, if necessary, record a tax asset or liability, and the related income tax expense, for any uncertain tax provisions. The Foundation does not have any uncertain tax positions or unrelated business income.

The Foundation follows the accounting standards for contingencies in evaluating uncertain tax positions. This guidance prescribes recognition threshold principles for the financial statement recognition of tax positions taken or expected to be taken on a tax return that are not certain to be realized. The Foundation's tax returns are subject to review and examination by federal and state authorities.

Subsequent Events

In preparing these consolidated financial statements, the Foundation has evaluated events and transactions for potential recognition or disclosure through September 25, 2019, the date the consolidated financial statements were available to be issued.

Presentation of the Financial Statements for Not-For-Profit Entities

During the year ended June 30, 2019, the Organization adopted a provision of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, Presentation of the Financial Statements for Not-For-Profit Entities. This new accounting standard results in a reduction of three classes of net assets (unrestricted, temporarily restricted, and permanently restricted) to two (net assets with donor restrictions and net assets without donor restrictions), expands reporting of expenses by nature and function, and requires qualitative and quantitative disclosures about the Organization's liquidity and availability. These changes were applied retrospectively to ensure comparability with the prior year presented herein (except for the liquidity disclosure). The adoption of this accounting standard did not have an impact on the Organization's financial position or changes in its net assets.

Change in Accounting Principles

In May 2014, FASB issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606). Subsequent to May 2014, the FASB has issued six ASUs to clarify certain matters related to Topic 606. Topic 606 supersedes the revenue recognition requirements in FASB ASC 605, Revenue Recognition, and requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services. The updates address the complexity and understandability of revenue recognition and provide sufficient information to enable financial statements users to understand the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Change in Accounting Principles (Continued)

Our consolidated financial statements reflect the application of ASC 606 guidance beginning in 2018. No cumulative-effect adjustment in net assets was recorded as the adoption of ASU 2014-09 did not significantly impact the Foundation's reported historical revenue.

Additionally in June 2018, FASB issued Accounting Standards (ASU) 2018-08, *Accounting Guidance for Contributions Received and Made*. This ASU was issued to clarify accounting guidance for contributions received and contributions made. The amendments to this ASU assists entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, *Not-for-Profit Entities*, or as an exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional.

Our consolidated financial statements reflect the application of ASU 2018-08 beginning July 1, 2018. The new guidance does not require prior period results to be restated.

NOTE 2 CONCENTRATIONS

Financial instruments that potentially subject the Foundation to concentrations of credit risk consist primarily of cash, receivables, and investments in marketable securities.

Cash on deposit with financial institutions in excess of \$250,000 is collateralized by the depository, to mitigate any losses.

The Foundation's fundraising efforts and economic loan activity exists primarily in the 18 counties of southwest Minnesota. In the event of any economic downturns, it could have an impact on the organization.

The grants from the McKnight Foundation are considered a significant source of operating revenue. The McKnight Foundation giving consists of 15% and 11% of total operating revenue at June 30, 2019 and 2018, respectively.

Contribution revenue from one donor is considered a significant source of operating revenue. Significant contributions consist of -0-% and 12% of total operating revenue at June 30, 2019 and 2018, respectively.

NOTE 4 LOANS RECEIVABLE, NET OF ALLOWANCE FOR DOUBTFUL ACCOUNTS

Low interest loans are discounted at a current market rate at the date of inception and recorded at their net present value.

Interest income is recognized on loans receivable at the rate stated in each loan agreement and is accrued through each period. Interest rates range from 0% - 7.5% for 2019 and 2018. The Foundation has commitments on loans approved but not disbursed as of June 30, 2019 and 2018 of \$671,200 and \$449,500, respectively. A loan is considered past due once a payment date has been missed. As of June 30, 2019 and 2018, six and three loans, respectively, were greater than 90 days past due. Any loans greater than 90 days past due may start the process of being added to nonaccrual. Once a loan is determined to be nonaccrual, it is removed from the greater than 90-day category and maintained separately as a non-accrual loan. Southwest Initiative Foundation has \$522,981 and \$138,265 on nonaccrual at June 30, 2019 and 2018, respectively.

For the years 2019 and 2018, \$742,517 and \$835,915, respectively, of loans receivable were pledged as security to the underlying notes payable.

Total Net Assets Released	<u>\$ 2,652,987</u>	<u>\$ 2,640,801</u>

Endowment funds reflected as with donor restricted represent donations received by the Foundation. Endowment funds which receive a match from the Foundation's Board are represented as board designated in the respective fund.

Affiliate Funds and Component Funds reflected as with donor restricted represent contributions restricted by the donors. Investment earnings on these funds are with donor restricted unless an endowed fund is in a deficit position. Aging Trust Funds are a significant part of the component funds and the portion that is reflected as with donor restricted represents contributions restricted by the donors and investment income restricted until the balance reached \$1,000,000. Having reached this level, investment income on contributions is reflected in with or without donor restricted Aging Trust Funds. The without donor restricted portion of the Aging Trust Fund represents investment income earned and satisfaction of usage restrictions on the with donor restricted dollars. The with or without donor restricted dollars are for projects that promote productive aging in the region.

The Keep it GrowingSM Farmland Giving Program reflects donations of farmland to the Foundation as with or without donor restricted net assets. Donations may be accompanied with a life estate. Once any life estate liability is removed, the earnings on endowed parcels are represented as with donor restricted for the purpose chosen by the donor and earnings on parcels remain without donor restricted.

NOTE 9 NET ASSETS (CONTINUED)

Economic Development is made up of Joint Powers Area Community Fund (JPAC), Revolving Loan Fund (RLF), United States Small Business Administration (SBA) Microloan Funds, Rural Energy Development Initiative (REDI), Microenterprise Loan Fund, Minnesota Department of Employment and Economic Development Grant, Minnesota Department of Employment and Economic Development Emerging Entrepreneurs Program (ELP), United States Department of Agriculture (RMAP) Fund, and several Childcare Initiative funds. These funds are reflected as with donor restricted that consist of grant dollars or loan dollars received and some investment income restricted by the grantor for loans. Other funds income is without donor restricted within the Economic Development umbrella and used to fund administration. Some of these funds with loan dollars must be repaid.

Program funds reflected as with donor restricted consist of grants and donations received which have been restricted by the grantor/donor for the Foundation to deliver programs and make grants.

NOTE 10 FAIR VALUE MEASUREMENTS

The Foundation uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. For additional information on how the Foundation measures fair value, refer to Note 1 – Summary of Significant Accounting Policies. *In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy, but are included under the total column. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the consolidated statements of financial position.

Level 3 Assets

The following table provides a summary of changes in fair value of the organization's Level 3 financial assets for the years ended June 30:

	2019	2018
Beginning Balance	\$ 2,058,038	\$ 319,021
Gains and (Losses)	(3,170)	2,026
Purchase of Investments	391,106	1,736,991
Ending Balance	<u>\$ 2,445,974</u>	<u>\$ 2,058,038</u>

From time to time, the Foundation may be required to record at fair value other assets and liabilities on a nonrecurring basis in accordance with guidance in the broad transactions standard regarding fair value measurements and disclosures. These adjustments to fair value usually result from the application of the lower-of-cost-or-market accounting or write down of individual assets. Nonfinancial assets measured at fair value on a nonrecurring basis would include other real estate owned and other intangible assets measured at fair value for impairment assessment.

NOTE 10 FAIR VALUE MEASUREMENTS (CONTINUED)

Certain assets are measured at fair value on a nonrecurring basis. These assets are not measured at fair value on an ongoing basis; however, they are subject to fair value adjustments in certain circumstances, such as there is evidence of impairment or a change in the amount of previously recognized impairment.

For both the years ended June 30, 2019 and 2018, there were no losses related to nonrecurring fair value measurements.

As a part of the Foundation's Investment Policy Statement (IPS), Level 2 assets are utilized. These Corporate Bonds and U.S. Government Obligations invest in United States government securities, sponsored agencies and corporate securities. The fair value of the investments in this category is based on quoted market prices for the underlying investment.

The Foundation values certain investment holdings at fair value using their net asset value and has the ability to redeem its investment with the investee at net asset value per share (or its equivalent) at the measurement date. NOTE 11 ENDOWMENT

At June 30, 2019 and 2018, the Foundation's endowment consisted of 127 and 120 funds, respectively, which were established for a variety of purposes. Its endowment includes both donor-restricted endowment funds and funds designated by the board of directors to function as an endowment. As required by GAAP, net assets associated with endowment funds, including funds designated by the board of directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Board of Directors of the Foundation has interpreted the Minnesota Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity the original value of the gifts to the endowment and the value of subsequent gifts to the endowment. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the organization

Investment Objectives and Strategies

The Foundation has adopted an investment policy to provide guidelines for investing endowment assets. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to maintain the purchasing power of the current assets and all future contributions, maximize return within reasonable and prudent levels of risk, and maintain an appropriate asset allocation based on a total return policy that is compatible with a flexible spending policy. To achieve these objectives, the Foundation follows an asset diversification plan, sets performance benchmarks for investment managers, and has established various asset quality and limitations thresholds. The Foundation expects its endowment funds, over time, to provide an average rate of return of 7%. Actual returns in any given year may vary from this amount.

Spending Policy

The Foundation has a policy of appropriating for distribution each year 5% of its endowment fund's average fair value over the prior 12 quarters. In establishing this policy, the Foundation considered the long-term expected return on its endowment assets, the nature and duration of the individual endowment funds, many of which must be maintained in perpetuity because of donor-restrictions, and the possible effects of inflation. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return. There currently are no underwater endowment funds. The transfers in the column without donor restrictions consist of the general endowment 5% spendable calculation and transfers of match to affiliate funds. Transfers in the column with donor restrictions is made up of the 5% spendable calculations of affiliate and component funds.

NOTE 12 COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts previously collected, may constitute a liability for the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time; although the Foundation expects such amounts, if any, to be immaterial.

NOTE 13 EMPLOYEE BENEFIT PLAN

The Foundation maintains a tax-deferred annuity plan qualified under Section 403(b) of the Internal Revenue Code. The plan covers employees of the Foundation who work at least 20 hours per week. The Foundation contributes up to 5% of gross salaries for qualified employees to the Plan. Employees may make contributions to the Plan up to the maximum allowed by the Internal Revenue Code. Plan expenses were \$75,323 and \$71,782 for the years ended June 30, 2019 and 2018, respectively.

A 457(b) deferred compensation plan is maintained by the Foundation for certain members of management. It is a non-qualified deferred compensation plan subject to the claims of creditors. The Foundation contributed approximately \$40,000 and \$15,000 for the years then ended June 30, 2019 and 2018, respectively. No employee contributions have been made to the plan.

NOTE 14 GRANTS MADE

The Foundation made grants in the following categories during the years ended June 30:

	2019	2018
Business Initiatives	\$ 3,000	\$ 3,000
Community Initiatives	673,922	786,408
Aging	168,900	47,300
Youth	646,628	736,657
Minority	1,675	28,000
Other	-	26,590
Total Grants Made	<u>\$ 1,494,125</u>	<u>\$ 1,627,955</u>

NOTE 15 RELATED PARTY TRANSACTIONS

The Foundation enters into transactions with directors and key management personnel in the ordinary course of business. For the years ended June 30, 2019 and 2018, donations from these individuals to the Southwest Initiative Foundation totaled approximately \$100,000 and \$9,800, respectively.

NOTE 16 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure without donor restrictions limiting their use within one year of the consolidated statement of financial position date, consists of the following:

Description:	2019
Cash and Cash Equivalents	\$ 464,491
Investments	3,946,162
Other Receivables	510
Board Designated - Quasi-Endowment Fund	16,317,462
Board Designated - Program Use	3,818,358
Total	\$ 24,546,983

As part of the Foundation's liquidity management, it structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Foundation invests its without donor restricted assets in short term and income strategies, the quasi-endowment assets in a long term strategy, and the program use assets in a mixture of strategies. The quasi-endowment assets above represent earnings on the Foundation's endowment. The Foundation has additional endowment funds and those assets are recorded as with donor restricted. These assets are not listed above due to the donor restrictions in place.

The \$16,317,462 is subject to the endowment spendable calculation (see Note 11). As a part of this calculation, approximately \$1,800,000 will be drawn into operations over the next 12 months. Although the Foundation does not intend to spend more than the spendable allotment from the quasi-endowment, the Board of Directors could make these funds available if necessary.

The board designated assets set aside for program use will be spent when the program restriction has been met. The Board of Directors has the discretion to change the program limitation but does not intend to make any changes at this time.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Southwest Initiative Foundation
Hutchinson, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Southwest Initiative Foundation, which comprise the consolidated statement of financial position as of June 30, 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated September 25, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwest Initiative Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwest Initiative Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of Southwest Initiative Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southwest Initiative Foundation's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Southwest Initiative Foundation
Hutchinson, Minnesota

Report on Compliance for Each Major Federal Program

We have audited Southwest Initiative Foundation's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Southwest Initiative Foundation's major federal programs for the year ended June 30, 2019. Southwest Initiative Foundation's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Southwest Initiative Foundation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southwest Initiative Foundation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southwest Initiative Foundation's compliance.

Opinion on Each Major Federal Program

In our opinion, Southwest Initiative Foundation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

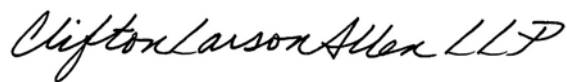

Report on Internal Control Over Compliance

Management of Southwest Initiative Foundation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southwest Initiative Foundation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwest Initiative Foundation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Southwest Initiative Foundation under programs of the federal government for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Southwest Initiative Foundation, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Southwest Initiative Foundation.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Southwest Initiative Foundation has elected to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.
